Inno CLEAN

All-purpose alkaline cleaner

Inno CLEAN is a powerful blend of water-soluble solvents, penetrating agents and synthetic detergents with the ability to attack the molecular structure of soils, greasy deposits, gummy residues and then detached by capillary action and emulsified for complete removal by mopping or rinsing. It's completely biodegradable and does not contribute to water pollution. Inno CLEAN is non-flammable and non-toxic to humans or pets. Inno CLEAN contains a powerful corrosion inhibitor to reduce the hazard of corrosion to steel surfaces which are subject to rusting with most water-based cleaners.

TECHNICAL DATA

Composition: stabilized blend of biodegradable surfactants and penetrants with oxygenated solvents and modified alkalines with no free caustics.

Flammability: Non-flammable.

Odour: Fresh

Colour: Transparent yellow

pH: 11

Toxicity: Non-toxic when used properly. Do not take internally.

Shelf life: 24 months in unopened package. KEEP IN A FROST-FREE PLACE!

USER INSTRUCTIONS

- Spray Inno CLEAN on the surface, let it take effect (+/- 2 min) and rinse with water.
- Treat persisting contamination repeatedly if necessary.
- Porous surfaces if necessary rub in with a hard brush.
- Always treat the complete surface, first check if the material to be treated is colourfast (on a less conspicuous place)
- Inno CLEAN can be diluted, 1 liter of Inno CLEAN to 50 liter of water, for use in high pressure cleaner

ATTENTION:

Contact with glass requires abundant water rinse. In case Inno CLEAN dries on glass, it will produce permanent stains.

FOR PROFESSIONAL USE ONLY

APPLICATION

- Inno CLEAN can be used on all kinds of surfaces: polyester, paint, Formica, MDF, tiles, canvas, concrete, vinyl, stone, carpet, leather, aluminium, textile, chrome plated, synthetic material, wood, rubber, metal and Plexiglas/Perspex.
- For the removal of all kind of pollution of grease and oil on floors, tiles, walls, waste container, tool cabinets, fuel pumps, extractor hoods, counters, ash-trays, air fresheners, air valves, garden furniture (resin), etc.
- For cleaning roll down shutter out of wood or PVC, all synthetic materials, garden furniture, pool sides, cooling elements of air conditioning systems, ...
- To remove grease, oil, tar, nicotine, diesel deposits, insects, pencil, ball point, brake dust, shoe polish, ...
